RELIABLE DYE SOLUTIONS FOR INTERNATIONAL B2B BUYERS

Ashapura Colour Chem supplies industrial dyes and related chemical solutions for textile mills, processing units, chemical distributors, importers, wholesalers and industrial manufacturers. This catalogue is structured for fast product sourcing and clear procurement review.

What We Do

- Manufacture and supply industrial dyes for textile, paper, leather and ink applications
- Support shade matching, sample inquiries and buyer-specific grade requirements
- Provide TDS, SDS/MSDS and commercial documentation on request

Why Choose Ashapura

- **Quality Focus**
Consistent grades for repeat commercial needs
- **Global Supply**
India + Canada presence for buyer contact
- **Wide Range**
Reactive, direct, acid, basic and printing grades
- **Buyer Support**
Quote, samples and documentation assistance

PRODUCT CATEGORY SNAPSHOT

28

Reactive Dyes

Cotton, viscose, rayon, printing

17

Direct Dyes

Cotton, paper, viscose, leather

13

Acid Dyes

Wool, silk, nylon, leather

2

Basic Dyes

Paper, textile, staining

Catalogue note: Product names, CI/CAS numbers and applications may vary by formulation, buyer grade and jurisdiction. Please confirm exact TDS, SDS and commercial specification before purchase.

BUILT FOR GLOBAL SOURCING CONVERSATIONS

The catalogue is designed for textile mills, chemical distributors, international trading companies, importers, wholesalers and industrial manufacturers that require bulk supply, technical details, export documentation and quick pricing communication.

WHO WE SERVE

Textile Mills

Bulk dye supply, shade consistency and processing needs

Distributors

Pricing, MOQ, stock planning and regional fulfilment

Importers

Export documentation, shipping and logistics support

Manufacturers

Industrial/specialty chemical supply applications

Global Buyers

Fast WhatsApp/email contact and Canada presence

RECOMMENDED INQUIRY FLOW

1

Share product category

Reactive, direct, acid, basic, printing/DTP or specialty grade.

2

Send target application

Substrate, process, shade, strength and required fastness.

3

Request quote/sample

Quantity, destination, packaging and documentation needs.

4

Confirm technical file

TDS, SDS/MSDS, COA and grade confirmation where required.

CATEGORY-BASED DYE CATALOGUE FOR FASTER SOURCING

This catalogue groups industrial dyes by application family and provides buyer-facing details: product name, series/grade, shade indication, CI/CAS reference and application segment.

REACTIVE DYES

AVAILABLE RANGE

VS, HE, ME, M, matching, hot brand, printing/DTP grades

TYPICAL APPLICATION

Cotton, viscose, rayon, textile printing

28

DIRECT DYES

AVAILABLE RANGE

Commercial direct dye shades and grades

TYPICAL APPLICATION

Cotton, paper, rayon, leather, jute

17

ACID DYES

AVAILABLE RANGE

Wool/nylon/leather/paper compatible acid dyes

TYPICAL APPLICATION

Wool, silk, nylon, leather, paper, ink

13

BASIC DYES

AVAILABLE RANGE

Specialty bright basic dye products

TYPICAL APPLICATION

Paper, textile, leather, biological staining

2

REQUEST QUOTATION, SAMPLE SUPPORT OR TECHNICAL DOCUMENTS

For commercial enquiries, share product/category, application substrate, target shade, quantity, destination, preferred packaging and required documentation. The team can support buyer-specific grade confirmation and technical file requests.

DOCUMENTS ON REQUEST

- Technical Data Sheet (TDS)
- Safety Data Sheet (SDS/MSDS)
- Certificate of Analysis (COA)
- Commercial quotation / sample support

BUYER DETAILS NEEDED

- Product family and shade
- Substrate/application process
- Required quantity and destination
- Packaging and documentation needs

APPLICATIONS SUPPORTED

- Textile dyeing and processing
- Paper and leather applications
- Ink / DTP / printing grades
- Specialty industrial requirements
